

Amendment under 37 C.F.R. § 1.111  
U.S. Application No. 09/645,599

### **REMARKS**

Claims 1-14 have been examined. Claims 10 and 11 have been rejected under 35 U.S.C. § 112, second paragraph. Also, the Examiner has indicated that claims 1-9 and 12-14 are allowed.

#### **Preliminary Matters**

Applicant thanks the Examiner for indicating that the drawings submitted November 8, 2000, are approved.

Further, Applicant thanks the Examiner for indicating that the previous restriction requirement of claims 12-14 is withdrawn, and that claims 12-14 are hereby rejoined to the present Application.

#### **Rejections under 35 U.S.C. § 112, second paragraph**

The Examiner has rejected claims 10 and 11 under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. In particular, the Examiner maintains that there is insufficient antecedent basis for the term “whole surface”. In addition, the Examiner maintains that it is not clear where the claimed zinc plate coat is located on the structure.

Accordingly, Applicant has amended claims 10 and 11, and submits that such amendments overcome the 35 U.S.C. § 112, second paragraph, rejection.
